**Founded in 1992, ANSAC Association is apolitical and non-profit. Its main purpose is to promote the circus culture, as a support to the activity of “Ente Nazionale Circhi (ENC)” (National Circus Institution).**

**ANSAC launches various cultural, artistic and technical initiatives, which are helpful to the development and protection of the Circus world in its broadest sense, aware of how relevant it is for our society. We also support Circus Companies and Organizations that aim at creating, broadcast and promote events and shows concerning Circus Arts. Moreover, we foster collaboration among artists, businessmen and institutions, so to help developing this branch.**
